To Whom It May Concern:

For the past two years, StrateComm has managed marketing and communications for QESPRO Environmental Services. The company designed and developed our website, corporate logo, identity package, and all of our marketing collateral. We are incredibly pleased with their service.

Shortly after QESPRO was established in 2007, we retained StrateComm to brand our new company and advise us on how to market ourselves. Since then, Kathleen Moore along with her team of web developers, graphics designers and writers, have provided QESPRO with very impressive work.

When we hired StrateComm, they promised that they would make us look as established as our larger competitors. Our website, www.qespro.com, does just that! It has been two years and we continue to get compliments and positive feedback from clients and prospects.

Kathleen Moore and her team are talented folks. I highly recommend StrateComm to any organization. If you would like further information, please contact me on 301-573-7067.

Sincerely,
